L&T recruitment process for 2021 pass-outs is given below. Larsen and Turbo hires freshers for various roles based on their stream. The complete details are discussed below.

About the company

Larsen and Turbo Limited, commonly known as L&T, is one of the largest Indian multinational firms and leading construction company in India. Its headquarter is in Mumbai, Maharashtra, India. L&T was founded by two Danish engineers, who took refuge in India. L&T has been working in many sectors such as: engineering, construction, manufacturing goods, information technology and financial services. L&T has also been featured in the Forbes list of 2000 worlds largest and most powerful public companies based on revenues, profits, assets and market value.

Based on all the information, it is evident that L and T is a dream company to work in. Through L&T campus recruitment process many bright students get opportunity to work in the company. The selection process is rigorous and they look for candidates who are committed, passionate, match L&T's value system, have strong content base and appropriate skills to apply concepts.

L&T Job Roles for Freshers

For 2021 pass-outs, L&T Infotech (IT Services division) has begun its on-campus hiring process. It's hiring for two packages - **3.5 LPA** and **5 LPA**, both for the role of **Graduate Engineer Trainee**.

There are no updates for recruitments for the core divisions of L&T yet.

L&T Infotech process for 2021 Pass-Outs

The following is expected to be the recruitment process for L&T Infotech, which is conducting on-campus hiring for 2021 pass-outs.

Message From Our Learners!

ARCOT SARVANI
PES Academy of Technical Education

I prepared for L&T Infotech using FACE Prep's L&T Infotech Cracker. It was very useful and almost all of the questions in my test were repeated from the course's Hot Questions section. I'm grateful to be a part of the FACE Prep family. I have cracked the L&T Infotech Online Test!

FACE Prep

(https://bit.ly/3clulQp)

For candidates applying for the L&T Infotech **3.5 LPA**, there is an Online test which comprises the following sections, conducted on the Mettl Platform.

Sections	Number of questions	Time Allotted (in minutes)
Quantitative Aptitude	10	10
Logical Reasoning	10	10
Verbal Ability	10	10
Technical Skills	40	40
Psychometry	86	20
Writing Skills (Paragraph/ Essay Writing)	1	10

There is no negative marking and students can attempt the test in any order of sections they want.

For the **5 LPA package**, there's an **additional Coding Round** for **45 minutes** with **1 question**.

- It tests students' ability to do basic programming - it is Fundamentals of Programming that is tested.
- Students can choose between C/ C++/ Java and Python
