Mission Placement Batch: 2018-2022

Hi Guys,
Seeing the COVID-19 situation , times are definitely TOUGH...
But, here we have a choice of becoming tougher than ever before !!!
I really want all of you to make the most out of our mistakes (BE batch 2021) and present a better understanding of the recruitment market.

I request all of you filling this form to answer to the best of your knowledge , so that this can be my reference to answer most of your doubts, queries and any guidance that I can provide in further sessions .

-Deven Mali (BE -E&TC : 2021)

** PLEASE FILL THIS FORM LATEST BY 19TH MAY,2021 6PM **

Your answer

SPECIALIZED SKILLSETS (If Any) *

** Eg - ML, AI , DevOPs, Cloud etc , Please be specific if possible , this will help me guage your proficieny among a larger chunk of technologies ** (Nahi hoga koi to "Nil" likho)

Your answer

PROJECTS (Internships OR any of your personal projects) *

(Mention firm name (if an internship) ,project name and description dono jarur likhna :-))(Nahi hoga koi to "Nil" likho)

Your answer

What are your expectations with respect to the job you want to do ? *

Through this question I simply want to guage your work profile , you are interested in ," NOT THE COMPANY !!! NOR THE PACKAGE "

○ Complete Coding Job (IT Product based companies- Matlab naye softwares banao , logic lagake code deploy karo, , matlab tum client ko naya product de rahe ho !)

○ Semi Coding + Managerial (IT service based companies - Matlab bane banaye softwares ka upgradation, testing , maintenance, client delivery etc., matlab tum client ko bane banaye software ki service de rahe ho !)

○ Techno-Managerial Job (Consultancy profiles jisme technology aur thoda businesss management .. Techno -managerial me tumhe coding nahi hoti par basic of code , Data Structures, DBMS , Tools for Business Analytics ..ye sab kaam aate hai roz kaam me)

○ Pure Management (Management profiles jisme technology oriented kuch kaam na ho)

○ Core electronics (Embedded /Digital Elex/PCB Designing etc)

○ Core Mechanical (Design ,Quality assurance , manufacturing etc)

All your queries /doubts in points (1,2,3....) which you want me to resolve . *

* Be very specific with your doubts * (Nahi hoga koi doubt to "Nil" likho)
